

# ATHISH ADVI K N

Bangalore, Karnataka

☎ +91 9380788914 ✉ [athishadvi@gmail.com](mailto:athishadvi@gmail.com)  [LinkedIn](#)  [GitHub](#)

## OBJECTIVE

---

Computer Science student with programming basics in Python, C, and Java, and practical Git/GitHub experience. Looking to gain industry exposure and contribute to software development projects.

## EDUCATION

---

### University Name

*Sai Vidya Institute of Technology* 2023 – 2027

***Bachelor of Engineering in Information Science and Engineering***

### College Name

*Creative PU college, Karkala* 2021-2023

***PCMB***

## TECHNICAL SKILLS

---

**Languages:** Python

**Developer Tools:** VS Code

**Technologies/Frameworks:** GitHub, Git

## PROJECTS

---

### Offline Cloud Data Retrieval interface (Mini Project, 5th Semester)

- Built a web-based file management system that runs entirely offline on a local machine, functioning as a self-hosted personal cloud storage solution.
- Developed the backend using Python Flask, with a browser-based frontend enabling file uploads, descriptions, and search by filename or description.

### Trading Bot With Machine Learning (on going)

- Developed an AI-powered trading bot that analyzes historical and real-time stock market data to generate BUY, SELL, and HOLD signals.
- Implemented data preprocessing and feature engineering using Python, Pandas, and NumPy to prepare financial datasets.
- Trained and evaluated Machine Learning models such as Random Forest to identify market patterns and predict trading signals

## COURSEWORK / SKILLS

---

Data Structures & Algorithms

Artificial Intelligence

## CERTIFICATIONS

---

- ***Artificial Intelligence Fundamentals – IBM SkillsBuild***  
*Gained foundational knowledge of AI concepts, machine learning, neural networks, and real-world AI applications.*
- ***Introduction to Python – analytics Vidya***  
*Learned Python basics including data types, loops, functions, and file handling; gained hands-on coding experience.*

## EXTRACURRICULAR

---

*Participated in NSS (National Service Scheme) activities such as cleanliness drives, social awareness programs, and blood donation camps, developing teamwork and leadership skills.*
